【Workshop Description】

【Introduction】

The 17th International Workshop on Business Incubation will be held in Shanghai, China from Oct.26th to Nov.1 st, 2014. It is initiated by Torch High Technology Industry Development Center, MOST of P.R.C and Science and Technology Commission of Shanghai Municipality. The theme of the workshop is “ Opportunities and Challenges of Incubator: International Technology Transfer and Incubation Mode Innovation.”

Topics of the workshop includes business incubator and international technology transfer, technology and finance, cooperation among government, industry, academic and research for business incubation , college student entrepreneurship, application of information technology in innovation, innovation of incubation mode etc.

This workshop is an important part of the training programs of AABI(Asian Association of Business Incubation), which is for business incubation managers, entrepreneurs and government officers. Since 1998, sixteen workshops have been hold and have attracted over 400 participants from around 30 countries and regions.

The workshop comprises of keynote speeches, panel discussions, case studies as well as visits to local business incubators. The workshop provides a chance for participants to enhance the understanding of business incubators in Shanghai. Meanwhile, the workshop also facilitates participants to share and exchange their methods and experience regarding innovation of business incubators.

We look forward sincerely to your participation.
